

### **Data for Capstone Project of IDM Data Science**

In order to visualize the museums in different counties, two sets of data were chosen for this project.

- The list of museums in the state of Ohio: [https://en.wikipedia.org/wiki/List\\_of\\_museums\\_in\\_Ohio](https://en.wikipedia.org/wiki/List_of_museums_in_Ohio)
- County coordinates: [https://github.com/jotang1/Capstone\\_Project/blob/master/County\\_Coords.csv](https://github.com/jotang1/Capstone_Project/blob/master/County_Coords.csv);  
The coordinate of each county's township was chosen to represent the coordinate of each county.
